

Authorized Identification Labels

ID Labels are required on all temporary rigid signs installed on state highways, except as noted below.

Type IX

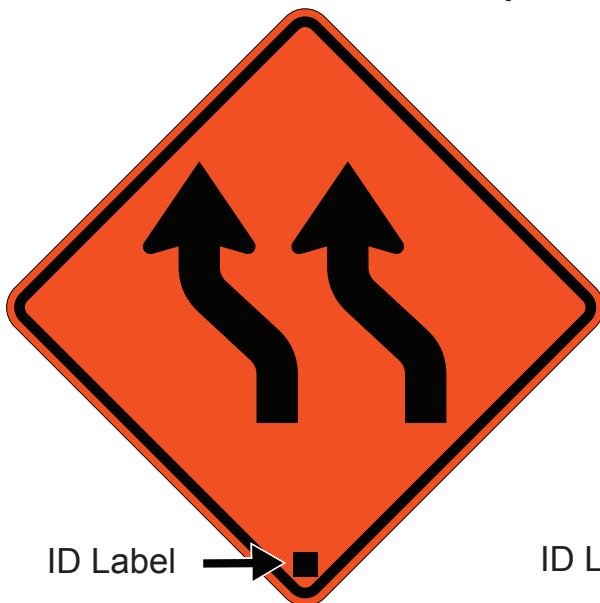

Type XI

Specifications

1. Dimensions: 2" x 2".
2. Legend fonts shall be block style, sans serif.
3. Color - Black background. Legends shall be transparent or match the color of the background sheeting to which they are applied.
4. Sheeting material shall be acrylic or vinyl non-reflective. Labels may be printed or cut.
5. All work zone signs 4 sq. ft. or less in areas, barricades, and route markers are not required to be labeled. However, applicable sheeting standards shall still apply.
